As Trustees of the Chicago Laborers' Welfare Plan (the "Plan"), we value your service and are proud to offer coverage to meet the health care needs of you and your family. With a key commitment to keeping you informed, we want to make you aware of changes to your benefits. These changes, most of which are a result of complying with the Patient Protection and Affordable Care Act (the "Affordable Care Act") are highlighted in this notice. Also included is information the Plan is required to provide about Medicaid and the Children's Health Insurance Program.

Please read this notice carefully and place it in the back pocket of your Summary Plan Description (SPD) booklet for future reference.

Adjustments to Plan Limits

- The Plan is eliminating lifetime dollar limits on most covered medical benefits effective June 1, 2011. However, the lifetime limit is being transitioned to an overall annual dollar limit. An overall annual dollar limit of \$750,000 will apply to all medical benefits in the 2011-2012 Plan year. This dollar limit will increase to \$1,250,000 in the 2012-2013 Plan year, to \$2,000,000 in the 2013-2014 Plan year and will be eliminated beginning June 1, 2014.
- Benefits paid for the services listed below, as well as all other covered medical expenses will count toward the overall annual dollar limit.
- Annual limits applicable to other specific benefits will remain in effect as shown in the SPD.
- Lifetime dollar limits for each of the following specific benefits are being removed:

Special Enrollment for Individuals Who Reached the Lifetime Limit

If you or your dependents have lost coverage because you reached the Plan's current lifetime limit, you may re-enroll yourself or your dependents in the Plan effective June 1, 2011, as long as you or your dependents continue to meet the eligibility requirements of the Plan. If you are eligible to re-enroll, you must complete the enclosed special enrollment form and return the completed form, and any required documentation, to the Fund Office no later than May 31, 2011 (dropped off or postmarked).

Extension of Dependent Child Coverage to Age 26

Effective June 1, 2011, the plan will cover dependent children up to age 26, regardless of circumstances such as being a full-time student, being married, or place of residence. Specifically, the Plan will cover eligible dependent children as follows:

- The Plan will cover your eligible children through age 25.
- Children will not be required to be students.
- Except for a disabled child, an under age 26 child's residence, financial dependence and marital status will not affect eligibility.
- The Plan will exclude any child age 19 or older who is eligible for other group coverage through the child's employer or through the employer of the child's spouse, regardless of whether the child enrolls in such coverage. (This provision will not apply starting June 1, 2014.)

To enroll your child(ren), please see the special enrollment form enclosed with this announcement. For coverage to be effective June 1, 2011, you must send the completed special enrollment form and any required documentation to the Fund Office by May 31, 2011 (dropped off or postmarked).

NOTE: If your child(ren) graduates school in the spring and would have lost eligibility on the day they graduate, you will need to re-enroll that child(ren) using the attached special enrollment form.

Termination of Coverage

The Plan may rescind your or your dependent's coverage for fraud or intentional misrepresentation of a material fact after the Plan provides the individual with notice as required by law. A rescission of coverage is a cancellation of coverage that is retroactive back to the date that the individual should have lost eligibility under the Plan. However, the following situations will not be considered rescissions of coverage:

- The Plan terminates an individual's coverage back to the date of loss of eligibility when there is a delay in administrative recordkeeping between the individual's loss of eligibility and notice to the Plan of the individual's loss of eligibility.

- The Plan retroactively terminates the individual's coverage because of the individual's failure to make timely self-payments for coverage.

For any other unintentional mistakes or errors under which an individual was covered by the Plan when the individual should not have been covered, the Plan will cancel the individual's coverage prospectively once the mistake is identified. Such cancellation will not be considered a rescission of coverage.

Statement of Grandfathered Plan Status

The Board of Trustees believes this Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Fund Office at 1-708-562-0200 or 1-866-906-0200. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Medicaid and the Children's Health Insurance Program (CHIP) Offer Free Or Low-Cost Health Coverage To Children And Families

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer's health plan is required to permit you and your dependents to enroll in the plan – as long as you and your dependents are eligible, but not already enrolled in the employer's plan. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance.**

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of January 31, 2011. You should contact your State for further information on eligibility.
